

Location: Dalmilling Primary School, Ayr

Cherry Tree Nursery

SPA Partner: South Ayrshire Council
SPA Appointed Company: Portakabin

© Portakabin 2021

Overview of the project

Cherry Tree Nursery was unsuitably accommodated over three separate locations at Dalmilling Primary School in Ayr. South Ayrshire Council wanted to consolidate the nursery provision into one new building. The project was a priority for South Ayrshire Council and had to be open for August 2019.

Increased child places to

140

3 playrooms

1 baby room

The Framework was very easy to access for clients and the process of appointing work is always very straightforward.

Alan Hyde
Education Specialist, Portakabin

Portakabin

Portakabin are the market leaders in off-site construction, with a wealth of experience across many sectors, including education. Portakabin has a dedicated team of education specialists who oversee all projects, thus lending their knowledge and experience directly to their clients to ensure the end product is exactly what is wanted, and what is needed.

MB1 Framework

SPA's framework for modular buildings provides public sector organisations with easy access to off-site manufactured, volumetric, and panelised building systems for the use in non-residential buildings.

Like all SPA Frameworks, MB1 is fully OJEU compliant and is valid until 30th April 2021. MB1 is currently under renewal and it's second iteration, MB2, will be live in Summer 2021.

Project Benefits

Cherry Tree Nursery is now housed within one building and has increased child places from 68 to 140. The project was delivered to a very tight programme as it needed to be completed prior to the children returning to school in August 2019.

Portakabin has provided a modern, bright, spacious nursery with a beautifully landscaped play space that children can access directly from their playrooms. The new facility has been very well received by pupils, staff parents and the wider community. The new nursery exceeded expectations and delivered excellent value for money whilst being delivered to a very challenging timescale.
